

Minecraft Day

Our afternoon class seems to be all about the computer game Minecraft, and most of them really wanted to learn more about it. We decided to dedicate one day to Minecraft where we will have Minecraft inspired stations. We have been very clear that if we learn about Minecraft it doesn't mean that we are playing the game at school.

On Tuesday, April 12th the kids can wear their Minecraft clothes and/or bring their Minecraft toys and stuffies to school. Although this day is inspired by the afternoon class, the morning class can participate too.

Sobeys Field Visit

As part of learning about our community we will be visiting Sobeys near the end of the month for a tour. We are still trying to secure a date, but it will be during your child's regular class time so you don't need to accommodate any changes in schedule. I will let you know on our Week at a Glance when we will be going.

John Janzen Nature Center Field Visit

On May 17th and 19th we will be visiting the John Janzen Nature Center in Edmonton's river valley for a full day field trip. This is a wonderful experience for the children and I will need parent volunteers. Volunteer spots will be given first to parents who were not able to attend our other field trips. Please email me if you are able to volunteer. I will send out more information about this trip in May's newsletter.
